**The 2010 world cup (South Africa)**

The 2010 world cup football (soccer) competition took place in South Africa between June 11 and July 11, 2010. It was the 19<sup>th</sup> FIFA World Cup. This event is held every four years. This was the first time that the world cup was hold in an Africa country. South Africa competed against Morocco, Egypt, Tunisia and Libya (Tunisia and Libya offered to co-host the competition) for the organization of the event. Following the decision of the FIFA Executive Committee not to **allow** co-hosted **tournaments**, Tunisia **withdrew** from the bidding process. The committee also decided not to consider Libya's solo **bid** as it no longer met all the **stipulations** laid down in the official List of Requirement After one round of voting, the winning bid was announced by FIFA president Sepp Blatter at a media conference on 15 May 2004 in Zurich. South Africa was **awarded** the rights to host the tournament as it got 14 votes, **defeating** Morocco (10 votes) and Egypt (0 votes)

During 2006 to 2007, a lot of rumors circulated in various news sources that the 2010 World Cup could be moved to another country. Some people expressed **concern** over the planning organization, and pace of South Africa's preparations. Others even expressed concerns over the **safety** of world cup visitors. In fact, South Africa has a high rate of criminality. However, FIFA officials repeatedly expressed their confidence in South Africa as host and showed their trust in the ability of the country to organize the competition **successfully**.

My favourite food is pasta. Pasta is an Italian dish and healthy food. According to one legend, the Venetian merchant Marco Polo brought pasta to Europe from his trip to China. However, historians refute this version of the appearance of pasta. Pasta with cheese and cream sauce is very tasty and popular. Pasta is considered a source of complex carbohydrates. They gradually release energy and ensure stable digestion. The body receives folic acid, proteins with dietary fibers. Fiber improves glucose tolerance, accelerates digestion, minimizes cholesterol levels and increases insulin sensitivity. The classic recipe for Alfredo pasta is super simple. In fact, it's pasta with fatty cream (20%) and young parmesan. To thicken the sauce, the cream is boiled a little and seasoned with grated cheese. From all the variety of pasta, it's better to choose fettuccine these are long ribbons that are sold in the form of nests. To get a full-fledged hearty dish, add fried chicken breast to the classic Alfredo pasta. Simple, tasty and at the same time exquisite.

In order to perform well in life, our body needs energy. We get this energy from the food we eat. Without food, there will be no life. In today's world, there are so many dishes available worldwide. Food comes in a wide variety all around the world. Dosa, Paneer, Naan, Chapati, Biryani and more Indian delicacies are available. We are also offered western cuisines such as noodles, pasta, burgers, fries, pizzas and more dominating the food industry. In my favourite food essay, I will tell you about the food I like eating the most. Even though my favourite food is a burger, I enjoy other foods as well like Pizza and Pasta. However, I feel when it comes to eating daily, nothing beats homemade food. The food we eat daily is what helps us gain energy. We cannot eat our favourite food daily as it will become boring then, but our staple food is something we enjoy eating on an everyday basis. I love eating a burger which is filled with cheese and vegetables. The more vegetables you add, the better it tastes. My personal favourite is lettuce. It gives the burger the right amount of freshness and crunchiness. I always eat my burger with ketchup. Most importantly, the thing I love about eating burger is that I get to eat French fries along with them. They work as a great side to dish and also make my stomach full.
